## PRICE LIST

# Fruit and Ornamental Trees, Shrubs, Roses, Vines, Etc.

---

There are bargains in this list. Don't let them get by you! Don't wait! Order now before we're sold out.

---

*Our own stock fresh from the ground. The kind that will please you.*

---

**S. A. BRALEY & CO.**  
**Connecticut Valley Nurseries,**  
**BURNSIDE, CONN.**

**OUR LOCATION** is in the heart of the Connecticut Valley along the line of the N. Y. N. H. & H. R. R., where the temperature ranges from 95 degrees above to 15 degrees below zero. Its long growing season and deep rich soil combine to produce a fine *quality of stock* unusually good in root-formation, thriftiness and hardness.

**OUR NURSERIES** are regularly inspected by agents of the State Entomologist. A certificate from the State Entomologist will be sent with each shipment.

## **We Sell Direct**

from our Nurseries to you at actual cost plus one profit and even that is cut to the bone. We have no connection whatever with any other nursery.

## **Catalogs are Our Only Salesmen**

Their traveling expenses are only postage. They do not stop at swell Hotels nor drink or smoke. There are only two ways you can buy your nursery stock, direct and indirect. The minute you decide to buy of an agent, that minute you have decided to pay double what you should for your stock. We have no objection to agents and we know there are some fine fellows. But we cannot afford to let even the best agent in the world stand in our way of making the ultimate consumer the lowest possible prices. And you cannot afford to let any agent stand in the way of you receiving the lowest price.

## **Our Stock is Fresh From the Ground.**

The kind that grows. Now which should you prefer to buy cold storage or fresh eggs, we think fresh, and if so it would be quite reasonable to believe you would prefer fresh dug stock in preference to cold storage.

MAY 2 1916

**WEIGH THESE FACTS:** Think these questions over seriously. Permit nothing except the actual fact to influence your judgment. If you buy from an agent you pay three profits, (Nurserymen, Agent and Deliveryman) instead of one. Weigh these facts against what any agent tells you. It is a duty that you owe to yourself and your family. Now, in buying your nursery stock there are two things you should consider before making your purchase and that is *Quality and Prices*. You want first class stock at the lowest possible price that is certain, in other words you want the utmost for your money. The price you pay for your stock concerns you more than the welfare of any agent. Now, who is going to get your nursery order this spring. The man who sells No. 1 stock direct from the nurseries, or the man that sells indirect at about double the price.

**OUR TERMS: CASH WITH ORDER.** No orders will be accepted at the prices in this list after March 20.

Order early, first come first served, we fill orders in the rotation they are received.

**WE MAKE NO CHARGE** for boxes or bales. When comparing our prices with others see that they do the same.

*We Pay the Freight on all Orders of \$5. or over.*

**STOCK ORDERED FROM US** will be forwarded direct to the Customers nearest R. R. Station or Express Office, packed in the best possible manner and will reach its destination in good condition.

**GUARANTEE:** While we exercise the greatest care to have all our trees and plants correctly labeled, and are ready upon proper proof to replace free, any stock which may prove untrue, or refund the money paid. It is mutually agreed by and between the customer and oursel-

ves, that we are not to be held liable for any greater sum than that paid to us for said stock.

**How To Order:** Write your order on a separate sheet of paper and not in the middle of a long letter, and be sure to write plain your name address, also the Depot or Express Office to which you are to have your stock delivered. Send payment with the order, Post Office or Express order, if cash send in Registered letter. Trusting we may be favored with an early order we will assure you that no pains will be spared to give the utmost satisfaction.

## Apples.
